**Global Startup Exposure Visit –
Dubai Edition 2026**
Dream. Explore. Build. DUBAI 2026!

About the Program

The CoE Global Startup Exposure Visit is a unique opportunity for young founders, innovators, and aspiring entrepreneurs to experience the global startup ecosystem firsthand.

From India's campuses to Dubai's innovation hubs, this 4-day journey is designed to expand your horizons — giving you international exposure, investor connections, and startup inspiration.

Whether you're a student with an idea or a registered startup founder, this visit will help you explore how top innovation ecosystems function — and how your idea can grow globally.

About Entrepreneurship Development Council (EDC India) 2019

Entrepreneurship Development Council (EDC India) is a national-level platform committed to building a vibrant entrepreneurial ecosystem across Indian campuses and cities.

Through its flagship programs — CoE (Centre of Entrepreneurship), Buildup Bharat Fellowship, and Startup India Connect initiatives — EDC India works to identify, mentor, and fund high-potential student innovators and early-stage startups.

The council collaborates with incubation centers, government departments, and corporate partners to help youth entrepreneurs gain real exposure, industry connections, and funding access.

With its motto "Think. Create. Build. Bharat.", EDC India is on a mission to nurture the next generation of innovators who will take Indian ideas to global markets.
